Campaign website: none provided
Candidate biography: For over 40 years, I documented, researched and challenged elected representatives

With proven solutions. The current and past elected representatives were cowardly indifferent for working citizens' standard of living, civil and constitutional rights – except for themselves, family and friends. There are solutions – for racial unity/equality, for employment/jobs, for accountability/value for tax dollars for "at risk," "disadvantaged" citizens. For family citizen safety, for honest, aggressive, bold, committed cooperation, understanding, mutual sharing of responsibilities and obligation for America's freedom and standard of living.

Candidate statement: I have the human standard of commitment to act to protect every citizen from the un-American, un-godly, horrific cowardly acts of racial/hate, sexual harassment/malice and wanton destruction.

Non-Violent disorder that as former N.C. Gov. Hunt stated "en trap on welfare. Why? Not an acknowledgement. No apology. And resignation of elected representatives – who void civil and constitutional rights – and "trap" women and children in poverty projects, prisons, prostitution – for generations – en "trapped" to substandard of education and training – cast to the hopelessness of crime, drugs, targeted to work for less and pay more."

"trapped" voided equal protection from "terrorist" racist/hate, sexual harassment.

The malicious inciting of racial division – voiding citizens' unity of understanding and trust is un-American. Who? You going to call it? When the "at risk," disadvantaged, elderly, lame, blind, homeless on dialysis, and continually racial/sexual abused? Who?

Floyd, Bob, Elaine Obama, Bill, Mel, David, Jim, etc – Ollie Ralph. Why? Would elected representative ask, "if they were white, or not?" Why would elected representative standard of equal protection be "white people cannot be discriminated against." Why?

Would elected representative not apologize and resign from office for their horrific cowardly indifference of humanity removing fathers from home – we must not surrender today's and future generation freedoms to racial division.

Why?

Message From Governor James B. Hunt Jr.

North Carolinians have always believed in paying their own way, preferring a helping hand to a handout. That is the philosophy behind Work First, our innovative plan to reform welfare. Work First stresses work and personal responsibility as the foundation for building a better life. I am proud to say that Work First is working. More North Carolina families are finding their way out of the welfare trap and into the work force.

But if Work First is to succeed, we need your help. Help a Work First participant find appropriate clothing to wear to work, organize your Sunday School class to provide transportation or child care, or urge your church to adopt a Work First family, letting them know that you care and you want to help them succeed. Our churches have always played a vital role in our communities, offering help, guidance, and support in times of need. Now is the time to get involved, lend that supportive hand, and help Work First families succeed.

Why? No +
FATHER Work First? Riht

The Honorable James B. Hunt Jr.
Governor, State of North Carolina
